ADJOURNMENT

ITEM #1: REVIEW OF PRIORITIZATION DATA AND RESULTS

At its July 21, 2010 meeting, the HRTPO Board approved the final prioritization and selection process report. In addition, they requested that the prioritization of projects be placed on the September HRTPO Board agenda in preparation for the 2011 General Assembly session. Accomplishing this has required an accelerated effort to provide the Board with the output from the prioritization tool. Prioritization of projects will be placed on the September 1, 2010 Transportation Technical Advisory Committee (TTAC) and September 15, 2010 HRTPO Board agendas.

HRTPO Staff has been coordinating with local staff and VDOT in gathering data to support the implementation of the tool. Mr. Andy Pickard, Principal Transportation Engineer, will provide an overview of the data and results.

ITEM #2: NEXT MEETING

The next meeting is scheduled for October 6, 2010, immediately following the Transportation Technical Advisory Committee (TTAC) meeting at the Regional Building (723 Woodlake Drive, Chesapeake, VA 23320). This follows the usual meeting rotation of every other month, with the most recent meeting having been on August 4, 2010.
