

2020 General Assembly Session - Summary of HRTPO-Related Bills and Budget Amendments
 February 14, 2020

Bill	Summary	Patron	Status
HB364	Statewide prioritization process; project selection. Requires the Commonwealth Transportation Board, when evaluating projects under the statewide prioritization process known as SMART SCALE, to evaluate (i) congestion mitigation on the basis of total traffic volumes, not just traffic volumes during weekdays, and (ii) accessibility on the basis of the area of influence of a project for a radius of 55 miles.	Cole	2/11/20: House - Left in Transportation
HB429	Free use of toll facilities; teachers, firefighters, and emergency medical services personnel. Authorizes any teacher employed by a public school district, firefighter, or emergency medical services personnel to use all toll bridges, toll ferries, toll tunnels, and toll roads in the Commonwealth without the payment of toll while traveling between his place of residence and his place of employment.	Scott	2/11/20: House - Left in Transportation
HB465	Local regulation of certain transportation companies. Extends from January 1, 2020, to October 1, 2020, the prohibition on offering motorized skateboards or scooters, bicycles, or electric power-assisted bicycles for hire in any locality that has not enacted any licensing ordinance, regulation, or other action regulating such business. The bill clarifies that localities are authorized to create or amend such ordinances, regulations, or actions even after any such business is operating in the locality and exercise authority otherwise authorized by law. The bill contains an emergency clause.	Keam	1/29/20: House - Passage Emergency (93-Y 5-N) 1/30/20: Senate - Referred to Transportation
HB523	Dulles Greenway. Amends the powers and responsibilities of the State Corporation Commission (SCC) to regulate toll road operators under the Virginia Highway Corporation Act of 1988. The bill adds requirements that toll rates not materially discourage the public's use of the toll road, that the cost of operating the toll road be reasonably apportioned across all toll road users based on the relative distance each class of user travels on the toll road, such that the toll rates are established in a reasonable and nondiscriminatory manner in relation to the benefit obtained, and that toll rates shall provide the operator with no more than a reasonable return.	Subramanyam	2/6/20: House - Continued to 2021 in Labor and Commerce by voice vote
HB561	Statewide prioritization process; primary evacuation routes. Adds primary evacuation routes to the factors that must be considered by the Commonwealth Transportation Board in the statewide prioritization process, commonly known as SMART SCALE.	Brewer	2/7/20: House - VOTE: Passage (99-Y 1-N). 2/10/20: Senate - Referred to Transportation
HB620	Statewide prioritization process; project selection. Requires the Commonwealth Transportation Board, when evaluating projects under the statewide prioritization process known as SMART SCALE, to evaluate (i) congestion mitigation on the basis of total traffic volumes, not just traffic volumes during weekdays, and (ii) accessibility on the basis of the area of influence of a project for a radius of 55 miles.	Cole	2/13/20: House - Incorporated by Transportation (HB364 - Cole) by voice vote
HB642	Transportation funding; statewide prioritization process. Requires the Commonwealth Transportation Board, when administering SMART SCALE, to ensure that projects are evaluated for district grant program funds and high-priority funds separately, and that the projects selected in one program do not impact the other program. The bill requires the Board to weight congestion mitigation at at least 55 percent in the Northern Virginia and Hampton Roads highway construction districts. The bill requires that projects eligible for district grant program funds receive a district-specific score and an overall score.	LaRock	2/13/20: House - Left in Transportation
