ANNUAL OBLIGATION REPORT

BACKGROUND

Regulatory and Agreement Language

According to Federal regulations, 23 CFR Part 450.334:

- a) *In metropolitan planning areas, on an annual basis, no later than 90 calendar days following the end of the program year, the State, public transportation operator(s), and the MPO shall cooperatively develop a listing of projects (including investments in pedestrian walkways and bicycle transportation facilities) for which funds under 23 U.S.C. or 49 U.S.C. Chapter 53 were obligated in the preceding program year.*
- b) *The listing shall be prepared in accordance with §450.314(a) and shall include all federally funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include the TIP information under §450.326(g)(1) and (4) and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years.*
- c) *The listing shall be published or otherwise made available in accordance with the MPO's public participation criteria for the TIP.*

According to the **Metropolitan Planning Agreement for the Hampton Roads Area**, entered into as of September 13, 2018:

Within 90 days after the close of the Federal fiscal year, the State, Public Transportation Provider(s), and the MPO shall cooperatively develop a listing of projects for which funds under 23 U.S.C. or 49 U.S.C Chapter 53 were obligated in the preceding program year. This Annual Obligation Report (AOR) shall include all Federally-funded projects authorized or revised to increase obligations in the preceding program year, and shall at a minimum include TIP project description and implementing agency information and identify, for each project, the amount of Federal funds requested in the TIP, the Federal funding that was obligated during the preceding year, and the Federal funding remaining and available for subsequent years. The MPO shall publish the AOR in accordance with the MPO's Public Participation Plan criteria for the TIP.

Definitions

Program Year – The year for which project obligations are reported - in the case of the Annual Obligation Report, the program year is the Federal fiscal year.

Obligation – An obligation is a legal commitment by the Federal government to pay the Federal share of a project's cost. An obligated project is one that has been authorized by the Federal agency and for which funds have been committed. Projects for which funds have been obligated are not necessarily initiated or completed during the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For projects under the auspices of the Federal Transit Administration (FTA), obligation occurs when the FTA grant is awarded. For projects under the auspices of the Federal Highway Administration (FHWA), obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

Released – An obligation removed from a project, usually as the result of a decrease in the cost estimate, a project awarded for a lesser amount than originally authorized at advertisement, or a FHWA Financial Integrity Review and Evaluation (FIRE) project level review.

HRTPO STAFF REVIEW OF FY 2018 ANNUAL OBLIGATION REPORT (AOR) INPUT

HRTPO staff received the Virginia Department of Rail and Public Transportation (DRPT) portion of the AOR on November 5, 2018. HRTPO staff reviewed the information submitted by DRPT and found one issue. DRPT's data listed UPC# T9092 with FY 2018 RSTP planned obligations of \$1,600,000; however, the HRTPO TIP listed no planned obligations in FY 2018.

HRTPO staff received the Virginia Department of Transportation (VDOT) portion of the AOR on November 8, 2018. HRTPO staff compared AOR line items against project data in the FY 2018-2021 HRTPO Transportation Improvement Program (TIP), noted any discrepancies, and completed a review of the submitted data. The HRTPO Staff Review was forwarded to VDOT on December 20, 2018 for review/comment. HRTPO staff posted the Annual Obligation Report on the HRTPO website on December 21, 2018, using the information provided by DRPT and VDOT.

Summary of Issues Reported by HRTPO Staff Following AOR Review

1. AOR data included four projects that were not found in the FY 2018-2021 HRTPO TIP and not marked as InCO, including the DT/MT/MLK – Interstate Construction – Downtown and Midtown Tunnels which had no UPC number listed
2. AOR data listed two projects where the AOR listed the same dollar amount but from different funding sources: 1) UPC# 69050 with the AOR data listing an EB/MG planned obligation of \$443,138 and the HRTPO TIP listing the same planned obligation amount but under STP/STBG, and 2) UPC #12546 with the AOR data listing an EB/MG planned obligation of \$815,356 and the HRTPO TIP listing the same planned obligation amount but under STP/STBG.
3. AOR data included actual obligations on projects that did not have planned obligations in FY 2018 and/or different amounts.
4. AOR data had discrepancies in planned obligations compared to obligation amounts listed in the HRTPO TIP.

The following table provides a summary of the findings of the HRTPO staff review.

Summary of AOR Review Conducted by HRTPO Staff

Table 1: Summary of In-depth FY 2018 AOR Review

	Ungrouped Projects	Project Groups	Total	% of Total
Number of projects in AOR	109	7	116	100%
Obligations shown in HRTPO TIP	53	4	57	49%
Project Not in FY 18-21 TIP¹	4	0	4	3%
No FY 18 obligations in HRTPO TIP	50	3	53	46%
No FY 18 obligations in AOR²	32	0	32	28%
CMAQ Projects grouped	N/A	0	0	0
RSTP Projects grouped	N/A	0	0	0

¹ Per VDOT/FHAWA agreement, projects that are in financial close out (InCO) do not need to be included in the current HRTPO TIP. Projects flagged as InCO were excluded from this analysis.

² Projects remain in the STIP until they are final vouchered; therefore, there may be some projects with no planned obligations on the TIP line and nothing on the obligated line if there was no obligation activity.
