

**AGENDA ITEM #10: JAMES CITY COUNTY/WILLIAMSBURG/YORK COUNTY
COMPREHENSIVE TRANSPORTATION STUDY: DRAFT REPORT**

SUBJECT:

The draft report of the James City County/Williamsburg/York County Comprehensive Transportation Study is available for review and comment.

BACKGROUND:

The purpose of this study (enclosed) is to prepare an analysis of the sub-regional transportation network that James City County, Williamsburg, and York County officials will use in their Comprehensive Plans. A Comprehensive Plan is a policy document that provides direction for policy makers to guide growth and development by providing the long-range vision, goals, and strategies of their communities. Because of the link between these communities, James City County, Williamsburg, and York County officials are coordinating the timing of their Comprehensive Plan updates, with all three jurisdictions updating their Comprehensive Plans in 2012.

This report is broken down into sections for each of the following transportation modes: Highway, Public Transportation, Intercity Passenger Rail, Bicycle and Pedestrian, and Air Travel. Both the current and future conditions are examined for each of these transportation modes.

Mr. Keith Nichols, Senior Transportation Engineer, will provide a brief overview of the study and will be available to respond to any questions.

Enclosure 10 – James City County/Williamsburg/York County Comprehensive Transportation Study: Draft Report

RECOMMENDED ACTION:

Review the draft report and submit comments/concerns to Keith Nichols (knichols@hrpdcva.gov) by COB Wednesday, February 15, 2012.
