ABSTRACT

This report is an update to the regional travel time study for Hampton Roads. The first comprehensive travel time study for the Southside was produced in 1983 and the first regional travel time study for the Peninsula was published in 1992. For this study, travel time data was collected on approximately 1,300 miles of roadway, including all of the thoroughfares that make up the Congestion Management System for Hampton Roads.

Hampton Roads Regional Travel Time Trip Profile Summaries, contains the travel time summary profiles generated by the GPS/GIS system. Other reports in the Hampton Roads Travel Time series include trip profile summaries for previous study years, travel time contour maps for selected activity centers, and analyses of the travel time data and trends.

ACKNOWLEDGMENTS

This report was prepared by the Hampton Roads Planning District Commission (HRPDC) in cooperation with the U.S. Department of Transportation (USDOT), the Federal Highway Administration (FHWA), and the Virginia Department of Transportation (VDOT). The contents of this report reflect the views of the staff of the Hampton Roads Area Metropolitan Planning Organization (MPO). The MPO staff is responsible for the facts and the accuracy of the data presented herein. The contents do not necessarily reflect the official views or policies of the FHWA, VDOT, or HRPDC. This report does not constitute a standard, specification, or regulation. FHWA or VDOT acceptance of this report as evidence of fulfillment of the objectives of this planning study does not constitute endorsement/approval of the need for any recommended improvements nor does it constitute approval of their location and design or a commitment to fund any such improvements. Additional project level environmental impact assessments and/or studies of alternatives may be necessary.
