

**AGENDA ITEM #14: 2040 LRTP TRANSPORTATION ANALYSIS ZONE DATA ALLOCATION**

**SUBJECT:**

Allocation of approved 2040 socioeconomic data to TAZs.

**BACKGROUND:**

With the recent HRTPO Board approval of the 2040 Socioeconomic Forecast, the next step in the planning process is for localities to allocate the data among their respective Transportation Analysis Zones (TAZs).

Electronic spreadsheets for each locality showing current base year (2009) TAZ data along with the previous 2034 TAZ data (to use for reference), will be made available via the HRTPO website. Each locality will have the responsibility of filling in Households, Total Employment, Retail Employment, Industrial, Office, and Other Non-Retail Employment for 2040. HRTPO staff will be available to provide assistance as needed. A copy of the HRTPO Board-approved 2040 socioeconomic control totals is attached.

Ms. Dale Stith, Senior Transportation Planner, will provide a brief explanation of the process.

Enclosure 14-A – HRTPO Board-approved 2040 Socioeconomic Control Totals

Electronic Enclosure 14-B – 2040 TAZ Allocation Excel Spreadsheet

Electronic Enclosure 14-C – Hampton Roads 2000 TAZ Map

**RECOMMENDED ACTION:**

Allocate the socioeconomic data to TAZs and return the completed electronic excel spreadsheet file to Dale Stith, [dstith@hrtpo.org](mailto:dstith@hrtpo.org), by COB, Tuesday, February 5, 2013.
