

**AGENDA ITEM #7: 2045 LRTP – DRAFT CANDIDATE PROJECTS**

As part of the development of the 2045 LRTP, HRTPO staff has collected candidate projects from various sources, including the 2040 LRTP, the 2040 Vision Plan, input from HRTPO advisory committees, and the public via a web-based public survey.

As part of the LRTP candidate project screening process, HRTPO staff has reviewed the draft list of candidate projects for LRTP applicability (see July 1 presentation for more information on the LRTP screening process). At the July 1, 2019 LRTP Subcommittee meeting, LRTP Subcommittee members were asked to also review the draft list of candidate projects for compatibility with locality comprehensive plans. In addition, the LRTP Subcommittee members were requested to submit any additional candidate projects that were not already captured to date.

Ms. Theresa K. Brooks, Transportation Engineer III, will brief the LRTP Subcommittee on this item.

July 1, 2019 LRTP Subcommittee Meeting Presentation - Draft 2045 LRTP Candidate Projects
