

**AGENDA ITEM #18: MILITARY HIGHWAY AND NORTHAMPTON BOULEVARD
CONTINUOUS FLOW INTERSECTION (CFI): UPDATE**
Christine Armstrong, Norfolk

Construction of the new Military Highway Continuous Flow Intersection (CFI) combines the addition of new lanes, new signals, and new traffic management technology to increase capacity and reduce congestion along this important corridor in Norfolk.

The project will increase through-traffic capacity at Military Highway and Northampton Boulevard in Norfolk with a high-capacity intersection design.

Ms. Christine Armstrong, VDOT Program Manager, City of Norfolk, will brief the TTAC on this item.
