<a href="#">HB72</a>	<b>Statewide prioritization process project selection.</b> Requires the total cost of a transportation project to be considered in evaluating projects under the statewide prioritization process. The bill requires the Commonwealth Transportation Board to evaluate congestion mitigation on the basis of total traffic volumes, not just traffic volumes during weekdays. The bill imposes restrictions on projects receiving funding from the High Priority Projects Program that are evaluated under the statewide prioritization process.	Thomas	1/30/18: House - Subcommittee recommends continuing to 2019 by voice vote	
<a href="#">HB103</a>	<b>Additional lanes of Interstate 95.</b> Directs the Department of Transportation to immediately commence a transportation project to add an additional lane of travel to that portion of Interstate 95 between Exit 126 in Spotsylvania County and Interstate 495 in both the north-bound and south-bound directions. Reid	1/23/18: Assigned C & L Subcommittee #2	
<a href="#">HB453</a>	<b>Airport boards and authorities; member qualifications; funding transparency.</b> Requires that any person appointed to an airport board or authority created by a locality or group of localities (i) have a degree from an accredited university or at least five years of related experience in aerospace engineering, air transportation, business administration and management, aviation management, construction management, or facilities management or similar related degree; (ii) have at least five years of relevant experience as a pilot; (iii) be an attorney in good standing with the Virginia Bar Association; or (iv) have a master of business administration degree. <a href="#">HB668</a>	<p><b>Transportation funding in certain areas of the Commonwealth; price floor.</b> Establishes a floor on the 2.1 percent sales tax imposed on motor vehicle fuels sold in Northern Virginia and Hampton Roads. The average wholesale price of gasoline, as determined by the Commissioner of the Department of Motor Vehicles, on July 1, 2018, shall be the initial floor. If the average wholesale price rises in future determinations, the new higher average will become the floor, until such time as the average wholesale price of gasoline is determined to be equal to or greater than the average wholesale price of gasoline in the Commonwealth on February 20, 2013, which is the date of the floor used for the calculation of the state gasoline tax. After this threshold is met, the average wholesale price used for the calculation of the regional tax will be the same as the average price used to calculate the state tax. The also allocates \$40 million annually from the Priority Transportation Fund, after making any required debt service payments, to each of the Salem highway construction district and the Bristol highway construction district. Of the \$40 million allocated to the Bristol highway construction district, \$30 million each year shall be designated for the construction and completion of U.S. Route 121, the Coalfields Expressway.</p>	<p>Kilgore</p>	<p>1/9/18: House - Referred to Rules</p>	<p><a href="#">2/6/18: On agenda</a></p>
<a href="#">HB699</a>	<p><b>Motor vehicle fuels sales tax in certain transportation districts.</b> Provides that the tax that is imposed on the sales price of motor fuel in Northern Virginia shall be imposed on the regional price of gas, defined and computed as a six-month average price of fuel. The tax shall not be imposed on a regional price that is less than a gallon of gasoline on February 20, 2013, nor shall it be imposed on a price that is more than \$4 per gallon. The bill also raises the rate of taxation of motor fuel in Northern Virginia from 2.1% to 3%. The bill also changes the regional gas tax in Hampton Roads from a percentage to a cents-per-gallon tax that decreases as the price of gas increases. The regional gas tax in Hampton Roads would have a floor of \$0.05 per gallon and a ceiling of \$0.14 per gallon and would be determined on the basis of the average wholesale price of unleaded regular gasoline.</p>	<p>Levine *Arlington/ Fairfax Counties; Alexandria</p>	<p>1/9/18: Referred to Rules</p>

The bill repeals the requirement that the Department of Transportation develop guidelines on the naming of highways, bridges, interchanges, and other transportation facilities after private entities.</p>	<p>Adams</p>	<p>1/26/18: Assigned Transportation Subcommittee #1</p>	

<a href="#">HB765</a>	<p><b>Transportation processes in the Commonwealth; responsibilities of transportation entities; funding.</b> Expands the responsibilities of the Office of Intermodal Planning and Investment of the Secretary of Transportation (Office). The bill provides that the Board's Six-Year Improvement Program shall only commit funds from the State of Good Repair Program, the High Priority Projects Program, or the Construction District Grant Programs to a project or program if such commitment is sufficient to complete the project or program. The bill expands the requirements of the annual report provided by the Commissioner of Highways and requires the Office to submit an annual report as described in the bill. The bill decreases the maximum matching allocation that the Board may make to a locality from \$10 million to \$5 million and provides that such funds can be used for the maintenance of highway systems. The bill changes the amount of Commonwealth funds allocated to the Board for revenue-sharing from no less than \$15 million and no more than \$200 million to not in excess of \$100 million or seven percent of funds available for distribution by the Board from all funds made available for highway purposes, whichever is greater.</p>	Jones	2/5/18: House - Subcommittee recommends reporting (8-Y 0-N)
