

E. HOUSE BILL 2 UPDATE

The Office of the Secretary of Transportation presented an HB2 Update to the Commonwealth Transportation Board (CTB) on January 19, 2016. The presentation summarized the work to-date to evaluate 287 project submissions and included a Recommended Project Funding Scenario produced by state transportation staff. That presentation may be accessed at:

<http://www.ctb.virginia.gov/resources/2016/jan/pres/HouseBill2.pdf>.

The CTB will consider the Recommended Scenario over the next few months and may make changes to the projects that will ultimately be funded.

HRTPO and VDOT staff presented a House Bill 2 Update (based on the January 19, 2016 presentation to the CTB) to the Transportation Technical Advisory Committee (TTAC) on February 3, 2016. That presentation, which focuses on the Recommended Scenario for Hampton Roads, may be accessed at:

<http://www.hrtpo.org/uploads/docs/P9-House Bill 2 Update.pdf>.

Complete information on House Bill 2, including detailed project scores for the 287 project submissions, may be accessed on the HB2 website at:
