

AGENDA ITEM #9: FOR YOUR INFORMATION

A. 2045 LRTP Candidate Projects Maps

HRTPO staff has prepared maps of the 2045 LRTP Candidate Projects, including an interactive online version:

<http://hrpdc-gis.maps.arcgis.com/apps/MapSeries/index.html?appid=b8852614e73a42bfa3730963d216f2ab>

B. 2045 LRTP: Scenario Planning Update

On July 18, 2019, the HRTPO Board approved the Regional Scenario Planning Framework, which included Place Types, Scenario Narratives, and Control Totals for Additional 2045 Growth:

<https://www.hrtpo.org/uploads/docs/RegionalScenarioPlanningFramework.pdf>

As part of the Regional Connectors Study (RCS), a Scenario Planning White Paper was developed describing the approach to scenario planning to be applied to both the RCS and the 2045 LRTP:

<https://www.connectorstudy.org/wp-content/uploads/2019/12/2019-12-09-Scenario-Plng-White-Paper-Final-to-Website.pdf>

HRTPO recently received the HRTPO RCS interim land use Community Viz (CV) model for the three 2045 Greater Growth scenarios. Staff is reviewing data. Staff also anticipates scenario-specific travel demand models from the RCS consultant soon.

C. 2045 LRTP: Environmental Justice analysis

As part of the evaluation of 2045 LRTP Candidate Projects, HRTPO staff will assess candidate projects using the HRTPO's Title VI/Environmental Justice Methodology. Once completed, results will be documented in a report and presented to the LRTP Subcommittee.

D. VTrans – InteractVTrans

VTrans has produced an interactive mapping application, InteractVTrans, as a tool for public and stakeholder feedback and for accessing VTrans related data such as performance measures, mid-term needs, and recommendations as they become available. A demonstration of this tool was recently provided to HRTPO staff. For more information on the tool, please see the links below:
