

AGENDA ITEM #13: COMMUNITY PROFILES FOR HRTPO WEBSITE

SUBJECT:

Community Profiles for HRTPO Website.

BACKGROUND:

The HRTPO has recently launched its new website. As part of its effort to strengthen the HRTPO's Public Involvement Program and to enhance its relationship with the diverse citizens that comprise Hampton Roads, Public Involvement staff has begun to create a series of profiles highlighting communities within the region. The profiles are an extension of those written in the 2012 Public Participation Plan and will be included in the Public Involvement section of the HRTPO website.

In an effort to ensure that each locality has the opportunity to help guide this process, Public Involvement staff is seeking input and guidance from TTAC members on those communities that TTAC believes are best representative of the diversity, culture, and uniqueness that is found throughout the region.

Ms. Kendall Miller, Public Involvement and Title VI Administrator, will provide an overview of the proposed approach for the community profiles.

RECOMMENDED ACTION:

Submit suggestions to Kendall Miller, kmiller@hrtpo.org, by COB on Wednesday, March 20, 2013.
