

ITEM #13: HIGHWAY GATEWAYS USED BY PORT TRUCKS: *Robert Case, HRTPO*

SUMMARY:

HRTPO Staff has analyzed the Highway Gateways Used by Port Trucks.

Dr. Robert Case, HRTPO Chief Transportation Engineer, will brief the HRTPO Board on this item.

BACKGROUND:

In response to the “Highways Used by Port Trucks” item under Task 6.0 in the FY 2018 Unified Planning Work Program, HRTPO staff used StreetLight data collected from GPS-equipped truck fleets to determine the primary highway gateways of Hampton Roads used by trucks serving the Port of Virginia.

The draft study was made available for public review and comment from January 3, 2018 through January 17, 2018. Comments received have been addressed in the final report.

Enclosure 13: *Highway Gateways Used by Port Trucks: Final Report*

RECOMMENDED ACTION (Action to be taken under Meeting Agenda Item #17-F):

Approve the final report for public distribution.
