

## **ITEM #17: HRTPO DRAFT REPORTS FOR PUBLIC REVIEW AND COMMENT**

### **TRUCK DELAY IMPACTS OF KEY PLANNED HIGHWAY PROJECTS: DRAFT**

This study builds on the work contained within the 2013 Existing and Future Truck Delay in Hampton Roads study, measuring future truck delay impacts in the next 20 years for six key planned highway projects. This information has been shared with the Freight Technical Advisory Committee (FTAC), which advises the HRTPO Board on freight issues in the region.

This study estimates total weekday truck delay for the region and by corridor in the next 20 years for seven scenarios using the truck component of the Hampton Roads Travel Demand Model.

This item was presented to the Transportation Technical Advisory Committee in March 2015 and will be made available for public review and comment from April 16, 2015 through April 30, 2015. Comments received will be addressed in the Final report.
