Dear Mr. Kimbrel:

VDOT request that the HRTPO modify the FY2012-15 TIP for UPC 80480 (Cathodic Bridge Protection for Berkley & HRBT Approaches) see attached TIP workup sheet for details.

Proposed TIP modification

Modify project in the HRTPO TIP

Total Estimate Cost: \$551,894 (PE = \$551,894; RW = \$0; CN = \$0)

- Revise project description from "*Cathodic Bridge Protection for Veterans Memorial Bridge & Berkley Bridge*" to "*Cathodic Bridge Protection for Berkley & HRBT approaches.*"
- Add PE actual and planned obligations: \$10,953 (SAFETEA-LU) FFY14, state match = \$2,738

Note: Increase in FFY14 is due to an estimate increase occurring after original obligation in FFY10. Original PE estimate at time of FFY10 obligation was \$538,203; \$430,562(SAFETEA-LU) FFY10, state match = \$107,641. Revised PE estimate is \$551,894. Federal participation at 80%

- Remove CN planned obligations: \$40,000(SAFETEA-LU) FFY12, state match = \$10,000. Federal participation at 80%.

Note: Construction phase was removed from project because the aforementioned project is programmed for PE activities only. Construction activities are assigned to associated project UPC 104168.

Final FY 14-19 SYIP allocations on this project are also attached, as well as; the previous allocations report for your reference.
