

AGENDA ITEM #6: FEDERAL INFRASTRUCTURE PROGRAM

Discussions have been ongoing between Congress and the Executive Branch regarding a potential Federal Infrastructure Program. If enacted, the program would provide additional funding for various transportation infrastructure projects including roads, bridges, rail, ports, airports, and transit.

HRTPO staff have been working with a group of regional organizations to position Hampton Roads for the anticipated program. Regional plans, studies, and legislative agendas developed and approved by the HRPDC and HRTPO have been used to identify infrastructure projects in our region that would benefit from a Federal Infrastructure Program.

Mr. Robert Crum, HRTPO, will brief the FTAC on this item.

Recommended Action: For discussion and information purposes at this time.
