

**ITEM #14: STATE OF TRANSPORTATION 2018 UPDATE**  
***Keith Nichols, HRTPO***

The State of Transportation in Hampton Roads report details the current status of all facets of the transportation system in Hampton Roads, including air, rail, water, and highways. Many aspects of the highway system are highlighted, including roadway usage, bridge conditions, costs of congestion, commuting characteristics, roadway safety, truck data, transit usage, active transportation, highway funding, and operations. Comparisons between Hampton Roads and similar metropolitan areas are also included.

The draft version of the State of Transportation in Hampton Roads 2018 report was presented to TTAC on September 6, 2018 and made available for public review and comment from September 6, 2018 through September 21, 2018. No public comments were received. Locality comments were incorporated into the final document. The final report was approved by the HRTPO Board at its November 15, 2018 meeting.

Mr. Keith Nichols, HRTPO Principal Transportation Engineer, will brief the HRTPO Board on this item.
