**AGENDA ITEM #10: HAMPTON ROADS CROSSING – PATRIOTS CROSSING AND HRBT:
HRTPO PREFERRED ALTERNATIVE**

The HRTPO staff briefed the HRTPO Board at its March 2013 meeting on the Hampton Roads Crossing – Patriots Crossing and HRBT. Dr. Ravanbakht will be present to briefly summarize the information contained in the VDOT analysis and conclusions of the HRBT Environmental Impact Statement and the Patriots Crossing Reevaluation of the Environmental Assessment, as well as in the VMASC December 2010 analysis of the Third Crossing/Patriots Crossing and HRBT improvements.

The HRTPO staff recommends the HRTPO Board consideration of future actions regarding support of a “regionally” preferred alternative. VDOT staff and CTB members will be present and available to discuss anticipated future VDOT/CTB actions regarding either or both projects.
