

AGENDA ITEM #10: DRAFT FY 2017-2022 SIX-YEAR IMPROVEMENT PROGRAM
Mike Kimbrel, HRTPO

The Virginia Department of Transportation (VDOT) and Virginia Department of Rail and Public Transportation (DRPT) presented the draft FY 2017-2022 Six-Year Improvement Program (SYIP) to the Commonwealth Transportation Board (CTB) at its May 17, 2016 Workshop meeting. This SYIP is the first to include projects funded through the new funding structure provided by House Bill 1887 (HB1887), including State of Good Repair (SGR) and the HB2 distributed High Priority Program (HPP) and District Grants Program (DGP).

The draft SYIP supports more than 3,500 projects and allocates \$14.6 billion (a \$1.7 billion increase over the current SYIP) in funding to transportation improvements over the next six fiscal years beginning July 1, 2016. The draft SYIP funding breakdown is:

- VDOT (Highways and Bridges) – \$10.9 billion (\$1.4 billion increase)
- DRPT (Rail and Public Transportation) – \$3.7 billion (\$0.3 billion increase)

The CTB is expected to approve the final FY 2017-2022 SYIP on June 14, 2016.

The Draft SYIP may be accessed at: <http://syip.virginiadot.org/Pages/reports.aspx>. The deadline for public comments is May 27, 2016.

Mr. Mike Kimbrel, Principal Transportation Engineer, will brief the TTAC on this item.

RECOMMENDED ACTION:

TTAC members are strongly encouraged to review the Draft SYIP and submit comments to VDOT and/or DRPT as soon as possible.
