

AGENDA ITEM #11: 2040 LONG-RANGE TRANSPORTATION PLAN: PUBLIC INVOLVEMENT DOCUMENTATION
Kendall Miller, HRTPO

The 2040 Hampton Roads Long-Range Transportation Plan (LRTP) is being produced as a compendium of reports. Over the past four and a half years, several reports have been released on the Visioning Survey, 2040 Socioeconomic Forecast and TAZ Allocation, Committed and Candidate Transportation Projects, Prioritization of Transportation Projects – Project Evaluation and Scoring, Transportation Challenges and Strategies, Title VI/Environmental Justice Candidate Project Evaluation, the Funding Plan and Fiscally-Constrained List of Projects, Project Information Guide, and Plan Performance.

Extensive public involvement has been conducted throughout the development of the 2040 LRTP. The outreach activities were designed to inform and engage the public in all aspects of the LRTP, from the development of the visions and goals to the review of the draft list of projects. During April and May, the draft list of projects was open to the public, stakeholders, and HRTPO advisory committees for review and comments. In addition to public comments received, resolutions of support have been endorsed by the Citizen Transportation Advisory Committee (CTAC), the Freight Transportation Advisory Committee (FTAC), and the Pedestrian and Bicycle Advisory Committee (PABAC).

The draft report will be available for public review following the June TTAC meeting.

Ms. Kendall Miller, Public Involvement & Title VI Administrator, will brief the TTAC on this item.

RECOMMENDED ACTION:

Review the draft report and submit comments to Kendall Miller (kmiller@hrtpo.org) by COB Thursday, June 16, 2016.
