

**AGENDA ITEM #9: HAMPTON ROADS REGIONAL TRAILS REPORT: DRAFT**  
***Steve Lambert, HRTPO***

To help promote a safe multimodal transportation network, HRTPO staff has produced the draft *Hampton Roads Regional Trails Report*. As outlined in the Fiscal Year 2022 Unified Planning Work Program, this effort investigates the connectivity between major regional active transportation trails to help identify gaps. In addition to taking a detailed look at existing and funded sections of key regional trails, the report also applies a Level of Traffic Stress analysis on sections of existing and proposed trails with mixed traffic.

The draft report (available at the link below) will be available for public review and comment from June 1, 2022 through June 15, 2022.
