

AGENDA ITEM #15: REGIONAL PERFORMANCE MEASURES – FY 2014 UPDATE: DRAFT

SUBJECT:

HRTPO staff has prepared the FY 2014 updated values for the Regional Performance Measures.

BACKGROUND:

In 2009, the General Assembly passed legislation giving the Commonwealth Transportation Board (CTB) authority to:

“require that appropriate regional organizations develop...quantifiable measures and achievable goals for the urban region relating to, but not limited to, congestion reduction and safety, transit and high-occupancy vehicle (HOV) usage, job-to-housing ratios, job and housing access to transit and pedestrian facilities, air quality, movement of freight by rail, and per capita vehicle miles traveled.”

In April 2012, the HRTPO Board approved targets for Hampton Roads’ Regional Performance Measures (RPMs) and 2012 values for these RPMs, and forwarded both to the Office of the Secretary of Transportation.

HRTPO staff has prepared the FY 2014 update of RPM values using the latest data available. This data will be available for public review and comment from Wednesday, July 2, 2014 through Wednesday, July 16, 2014.

Dr. Robert Case, Principal Transportation Engineer, will provide the TTAC with a briefing on the RPM update, as well as an overview of HRTPO performance management activities.

RECOMMENDED ACTION:

Review the updated RPM data and submit comments to Rob Case (rcase@hrtpo.org) by COB Wednesday, July 16, 2014.
