

**AGENDA ITEM #15: FY 2019-2024 SIX-YEAR IMPROVEMENT PROGRAM (SYIP):
FINAL
*Dawn Odom, VDOT***

The Six-Year Improvement Program (SYIP) is developed annually and identifies the planned use of funds available for highway construction and rail and public transportation. This SYIP is the third program to include projects funded through the new funding structure provided by HB 1887, including SMART SCALE distributed High Priority Projects and District Grant Programs and State of Good Repair. For highway construction, the SYIP identifies, for each project, the timing, amount, and type of funding planned to be available over the upcoming six years. The rail and transit section of the SYIP identifies the planned use of available funding for transit and rail capital for six years, as well as the planned support for transit operations and other programs administered by DRPT for the next year.

The Commonwealth Transportation Board (CTB) approved the final FY 2019-2024 SYIP on June 20, 2018.

The highway portion of the SYIP may be accessed on the Virginia Department of Transportation (VDOT) website at: <http://syip.virginiadot.org/Pages/allProjects.aspx>.

The public transportation portion of the SYIP may be accessed on the Virginia Department of Rail and Public Transportation (DRPT) website at:
