

AGENDA ITEM #17: VIRGINIA E-ZPASS DEACTIVATION POLICIES & PROCEDURES
Mike Kimbrel, HRTPO

During the June TTAC meeting, a member mentioned a newspaper article about Virginia E-Zpass accounts being deactivated due to lack of use and suggested the HRTPO might consider sending a letter to the Virginia Department of Transportation (VDOT) requesting the practice not be applied to Hampton Roads. To better inform the TTAC on this topic, HRTPO staff coordinated with the VDOT Tolling Operations Division to learn more about the Commonwealth's policies and procedures related to the deactivation of E-ZPass accounts.

Mr. Mike Kimbrel, HRTPO Deputy Executive Director, will brief the TTAC on this item.

RECOMMENDED ACTION:

For discussion and informational purposes.
