

R. FY 2019 HIGHWAY INFRASTRUCTURE PROGRAM (HIP) RECOMMENDED FUNDING ALLOCATIONS

The 2018 Federal Appropriations Act includes funding for the Highway Infrastructure Programs. The funds resulting from this apportionment (\$4,884,116) are available for obligation until September 30, 2021. Any amounts not obligated before September 30, 2021, shall lapse.

These funds were made available late in the development of the FY2019-2024 SYIP for FY2019 only. Therefore, the fund component tied to population was programmed to the district RSTP balance entry line items.

These funds are to be obligated before September 2021 and billed/final vouchered by September 2026.

Eligibility:

1. May only be applied to projects under 23 USC 133(b)(1)(a), which is for highways, bridges, and tunnels.
2. May not be used to fund State Infrastructure Banks
3. Not eligible for local roads or minor collectors.
4. Not eligible for ferry boats, ITS, truck parking facilities, transit, planning, or research.

These are General Funds (not HTF funds), so they are similar to the ARRA program – after the obligation deadline of September 30, 2021 adjustments cannot be made (they cannot be de-obligated and re-obligated elsewhere) and after September 30, 2026, the funds are cancelled and cannot be expended against any longer.

The Transportation Technical Advisory Committee (TTAC) has recommended approval of the list of projects and allocations for the FY 2019 HIP funds.

Attachment 23-R

RECOMMENDED ACTION:

Approve the attached list of projects and allocations for the FY 2019 HIP funds.
