

AGENDA ITEM #7: 2017 CMAQ/RSTP PROJECT SELECTION PROCESS

HRTPO staff provided an overview and timeline for the 2017 CMAQ/RSTP Project Selection Process during the TTAC meeting on June 7, 2017, noting that this year's process will focus on the allocation of FY 2024 funds. Although that presentation provided figures for estimated available funding for FY 2024 of \$14,243,448 for CMAQ and \$35,645,134 for RSTP, it should be noted that there are significant "penciled in" allocations of FY 2024 funds associated with previously-approved projects which will limit the amount of funding available for new projects.

Mr. Mike Kimbrel, HRTPO Principal Transportation Engineer, will brief the TPS on this item.

RECOMMENDED ACTION:

Review applicable CMAQ and RSTP projects to determine whether the "penciled in" requests for FY 2024 funding are still valid or need to be changed and notify Mike Kimbrel, mkimbrel@hrtpo.org, by Friday, August 4, 2017, to confirm the continued need or to update the needed amounts for FY 2024.
