The Virginia Department of Transportation (VDOT) has requested to amend the Fiscal Year (FY) 2021-2024 Transportation Improvement Program (TIP) to add one project in the region. This amendment is currently under public review through July 25, 2022. The conditional approval of this amendment is a departure from the current HRTPO Public Participation Plan (PPP) procedure to allow a 14-day public review for all TIP amendments.

Due to the time-sensitive nature of this request, the HRTPO Board is being asked to consider a conditional approval (as listed in the recommended action below) and to have Board members discuss any concerns they may have with the departure from the established HRTPO TIP Amendment and Public Participation Plan procedures.

VDOT staff will introduce this request and answer any questions. The specifics of the request are described below:
