

**AGENDA ITEM #12: CMAQ FUNDING REVISION – REQUEST TO TRANSFER CMAQ FUNDING: UPC 115374 AND UPC 115375**  
***Bridjette Parker, Newport News***

Attached is a request from the City of Newport News to transfer a total of \$140,000 in FY 2025 Congestion Mitigation Air Quality Improvement Program (CMAQ) funds from two projects to the HRTPO CMAQ Reserve Account in order to use Local funds to accelerate the delivery of both projects. The City plans to coordinate with the Virginia Department of Transportation (VDOT) to cancel the two associated UPC numbers. The specifics of the request are described below:

- UPC 115374 – Canon Boulevard and Old Oyster Point Road Intersection Improvements Project
  - Transfer FY 2025 CMAQ allocation of \$65,000, including state match, to the HRTPO CMAQ Reserve Account
  
- UPC 115375 – Oyster Point Road and Canon Boulevard Intersection Improvements Project
  - Transfer FY 2025 CMAQ allocation of \$75,000, including state match, to the HRTPO CMAQ Reserve Account

These projects are not currently included in the Hampton Roads FY 2018-2021 and 2040 LRTP; however the projects are not considered regionally significant and therefore do not require a new conformity determination.

Should the HRTPO Board approve the funding transfers described above, VDOT will be notified to update its appropriate databases. This request is being made available for public review and comment from August 28, 2019 through September 11, 2019.

**Ms. Bridjette Parker, Newport News Engineer II, will brief the TTAC on this item.**

Attachment 12

**RECOMMENDED ACTION:**

Recommend HRTPO Board approval of the proposed project funding transfers.

Re: CMAQ Program Project Cancellation Request -  
UPC #115374 Canon Boulevard and Old Oyster Point Road Intersection Improvements  
UPC #115375 Project and Oyster Point Road and Canon Boulevard Intersection  
Improvements Project

Dear Mr. Crum:

The City of Newport News submitted CMAQ applications last year for two projects, Canon Boulevard and Old Oyster Point Road Intersection Improvements and the Oyster Point Road and Canon Boulevard Intersection Improvements. Both projects received FY 2025 CMAQ funding however, the City has determined it needs to accelerate delivery of both projects using City funds. Therefore, the City desires to return the \$65,000 allocation for the Canon Boulevard and Old Oyster Point Road Intersection Improvements (UPC #115374) and \$75,000 allocation for the Oyster Point Road and Canon Boulevard Intersection Improvements (UPC #115375) to the CMAQ reserve account.

Sincerely,

Bryan Stilley, P.E.  
Chief of Civil Design
