

**AGENDA ITEM #17: LINKING HAMPTON ROADS – A REGIONAL ACTIVE
TRANSPORTATION PLAN: OVERVIEW AND STATUS**
Steve Lambert, HRTPO

Building off the success of the *Birthplace of America Trail Study*, HRTPO staff has kicked off *Linking Hampton Roads*, our region's first active transportation plan. The plan will provide a regional perspective on active transportation as a means for both transportation and recreation for Hampton Roads. *Linking Hampton Roads* will incorporate recommendations from active transportation plans and comprehensive plans of the various localities. At the September Active Transportation Subcommittee meeting, HRTPO staff began working with the members on the first phase of the plan.

Mr. Steve Lambert, HRTPO Transportation Planner II, will brief the TTAC on this item.
