

**AGENDA ITEM #9: INCORPORATING RESILIENCY IN THE 2045 LONG-RANGE
TRANSPORTATION PLANNING PROCESS**
Dale M. Stith, HRTPO

As part of the development of the 2045 Long-Range Transportation Plan, HRTPO staff is incorporating resiliency into the prioritization process by building off previous sea level rise/storm surge/flooding vulnerability analyses conducted by HRPDC and HRTPO staff, along with serving as a pilot area for the development of a Resilience and Disaster Recovery Metamodel being developed by Volpe.

Ms. Dale M. Stith, HRTPO Principal Transportation Planner, will brief the TTAC on this item.
