

C. **TTI URBAN MOBILITY SCORECARD REPORT**

The Texas Transportation Institute (TTI) at Texas A&M University recently released the 2015 Urban Mobility Scorecard. This report, which includes data through 2014, provides a comprehensive analysis of traffic conditions in all 471 metropolitan areas throughout the United States, and recommends various solutions to reduce and manage congestion. The report is available at TTI's Urban Mobility Scorecard website at <http://mobility.tamu.edu>.
