

I. TRANSPORTATION ALTERNATIVES (TA) SET-ASIDE PROJECT PROPOSALS

The Transportation Alternatives Program (TAP), established under MAP-21, provided funding for a variety of transportation activities that were previously eligible for funding under separate programs under SAFETEA-LU, including Transportation Enhancements (TE), Recreational Trails, and Safe Routes to School. The Fixing America's Surface Transportation (FAST) Act folded the TAP into the Surface Transportation Block Grant Program (STBGP) as a "Set-aside" capped at \$850 million after FY 2017.

The VDOT Local Assistance Division (LAD) coordinates the TAP in Virginia. Each year VDOT requests applications for candidate projects for TA Set-Aside funding. The deadline for applications is November 1, 2017, and each proposed project must receive endorsement by the appropriate metropolitan planning organization. The TA Set-Aside project proposals received to date are enclosed and listed below:
