

HAMPTON ROADS TRANSIT

November 1, 2016

Mr. Robert A. Crum, Jr, Executive Director
Hampton Roads Transportation Planning Organization

Subject: FY 2015 – 2018 Transportation Improvement Program Amendments

Dear Mr. ^{Bob}Crum:

Hampton Roads Transit requests an amendment to the FY 2015 – 2018 Transportation Improvement Program (TIP) to transfer \$2,000,000 of FY 2015 RSTP allocations from UPC T9093 to UPC T9092 and transfer \$2,000,000 of FY 2022 RSTP allocations from UPC T9092 to UPC T9093.

UPC T9093 is for Regional Fixed Guideway Studies. Due to the federal project development process, which is highly prescriptive and takes many years, we do not anticipate some of these corridor studies to require funding until the out years of the six-year plan.

UPC T9092 is for the Hampton Facility Upgrade. The contract for the rehabilitation of the Hampton Facility was recently awarded and this request for advancing the funds is because the funding is needed in this fiscal year to complete the entire scope of work for the project. As you are aware, it is not practical to breakup construction activities.

If you have any questions concerning this request, please contact me at (757) 222-6000 ext. 6133.

Sincerely,

William E. Harrell
President and CEO, Hampton Roads Transit
