

AGENDA ITEM #7: REQUEST FOR INPUT: FY 2021 UPWP TASK
Robert Case, HRTPO

At the request of the City of Chesapeake, a task was included in the HRTPO FY 2021 Unified Planning Work Program (UPWP) to help determine the Trip Generation of Satellite Wagering Facilities (UPWP Task 8.5). City staff has recently informed HRTPO staff that the City is no longer particularly interested in this study. Therefore, there is an opportunity to replace that task with another of interest to the TTAC and HRTPO Board.

HRTPO staff has an idea for a replacement task, but before a change is made to the UPWP, TTAC input is needed on the following:

1. Is there interest among TTAC members in the current task?
2. Do TTAC members have other ideas for a replacement task?

Dr. Robert Case, HRTPO Chief Transportation Engineer, will brief the TTAC on this item.
