

AGENDA ITEM #8: HRTPO FY 2023 UNIFIED PLANNING WORK PROGRAM (UPWP)

Each year, HRTPO staff conducts a few special studies to address specific transportation concerns of its member localities and agencies. Staff will present examples of past freight-related studies completed by the HRTPO, special studies included in this year's UPWP, and solicit possible study topics for the FY 2023 UPWP.

Mr. Keith Nichols, HRTPO, will provide an update to the FTAC on this item.

Recommended Action: Provide any ideas for freight-related studies to Keith Nichols either at the meeting or by email (knichols@hrtpo.org) by January 19, 2022.
