## **ADDENDUM #1**

### **SNA-RFP-2021-01**

This document, Addendum #1, provides the question received by the deadline (2:00 p.m. on April 21, 2021) and the written response:

1. The RFP notes the goal of 10% DBE participation and notes SWaM certified vendors cannot be substituted for DBE firms unless the firm is also DBE certified. The selection criteria allocates 10% of the point value to DBE/SWaM participation. If the proposed team includes SWaM participation, but such SWaM firm is not also registered as a DBE, how would that factor into the point value assigned to the “DBE/SWaM Participation” factor?

**Response:**

In the evaluation of proposals, DBE participation and SWaM participation are assigned the same point value (scored equally).

Appendix A only applies to DBE firms.
